# Helpful Hints to Use This Book

There are many activities and games available for print in the PRC-Salttillo Book of Imagination. There are also carryover activities that may require other materials to make.

To make the book smaller and more manageable, you will want to print many pages double-sided. Others will need to be printed only on one side. Most of the Chapters (i.e., the months), you will want to print double-sided. Most of the activities will be printed single-sided, but not always!

See the lists below to help you determine which pages to print and how to print them. For best results, all pages should be printed in color.

If you are printing all chapters and activities of the PRC-Salttillo Book of Imagination, print the following pages in the following manner:

Print Single Sided:	Print Double Sided:
1	2 - 5
6 - 7	8 - 17
18	19 - 20
21	22 - 25
26 - 27	29 - 29
30 - 31	32 - 33
34 - 39	40 - 51
52 - 58	

***Note: these are the actual page numbers in the entire document, not the page number in the "book". So, when printing, enter the numbers exactly as they are listed here. Otherwise, the pages will not print correctly.***

If you wish to only print the Chapters to create the PRC-Salttillo Book of Imagination, print the following pages:

1 - 5	22 - 25
8 - 9	28 - 29
14 - 17	32 - 33
19 - 20	42 - 47
