

Writing Activity

Create a scavenger hunt for your family and friends. You can look for these items while you are on your nature walk or while playing in the back yard. Choose sizes, shapes, and colors of items for people to find. The first couple of items are started for you and you just need to choose the color, shape, size, and/or texture. Think of 4 more directions to write out for your family and friends

Look for something that is (color) _____.

Get something that is (size) _____.

Look for something that is (texture) _____.

Get something that is (size) and (texture) _____.

Look for something that is (color) and (shape) _____.

Get something that is (size) and (color) _____.
