

Homework Card

Title: No, No, Don't Eat That

Language Objective: To learn to express negatives

Instructions: Use this card with the book "No, No, Don't Eat That". Take as long as the student needs to learn the skills. You may need to model the language multiple times for them to learn it. By modeling the language, you are motivating the student to learn.

Steps:

1. Model the target positive and negative phrases on your child's talker. Read the book "No, No, Don't Eat That!". Put an increased emphasis on the positive and negative, using exaggerated facial expressions for things that you eat and things that you do not eat.
2. Find times throughout the day to practice using the positive and negative phrases ("eat that", "not that") with your child. Encourage them to say them during eating and food preparation times.
3. Make a sandwich or other food item with your child and allow them to guide you with adding ingredients by saying "eat that " and "not that" to indicate what items to use.

Other

Model increasing the phrase by adding pronouns and "want " or "need ". Prompt your child to use these expansions if they are ready.
